

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Warwick

report date 13 Nov 2012

Yarding Change 1035
-165

comparison date 06/11/2012

There was only a small slip in numbers as very little rain fell across the supply area. A small panel of export operators attended the sale, while an increased number of buyers were present in the young cattle section. Values generally turned around with most classes of young cattle 5c to 10c/kg dearer. Heavy bullocks and cows regained the previous weeks losses to average 5c to 8c/kg better.

Vealer heifers received stronger demand from butchers plus local and southern processors to average 5c dearer at 210c with sales to 218.2c/kg. Lightweight yearling steers to feed and restockers averaged 204c and made to 216.2c/kg. Medium weight yearling steers to feed averaged 188c, while a handful to the trade averaged 10c dearer at 193c with sales to 200c/kg. Heavy yearling steers to feed mostly sold in the early to mid 180c/kg range. Lightweight yearling heifers to slaughter averaged 190c and sold to 198.2c/kg. Medium weights averaged 182c and sold to 198.2c while the heavy classes averaged 5c dearer at close to 173c/kg.

Heavy steers to export slaughter averaged 180c and sold to 186.2c, and the bullock portion averaged 182c and made to 184c/kg. Medium weight 2 score cows averaged 123c, and 3 scores 132c/kg. Good heavy cows made to 155c with a fair sample 5c dearer at 141c/kg.

Heavy bulls made to 168.2c/kg
