

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Great Southern Saleyard

report date 17 Jan 2013

Yarding Change ¹⁹³⁵
-444

comparison date 10/01/2013

The smaller yarding saw both a reduction in overall weight and quality with fewer heavy weight weaners penned and increased volumes of light weights. There was a considerable reduction in both feeder and restocker demand throughout the classes with all categories recording solid falls in values comparable to the previous weeks quotations, irrespective of the drop off in quality and weight, as many feeders have now almost filled their current requirements.

Medium vealer steers sold to restock sold to 207c while those to feed averaged 177c/kg. Heavy vealer steers to feed averaged 166c while those to restock made 172c/kg. Medium vealer heifers to restock made 161c while heavy vealer heifers to restock made to 166c to average 146c/kg.
