

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Great Southern Saleyard

report date 14 Feb 2013

Yarding Change $\frac{2317}{742}$

comparison date 07/02/2013

The return to the one-day sales format saw large numbers forwarded for sale. Heavy weight steer and heifer categories remained limited. Trade weight yearling supplies were fair, as were cow supplies with weaner numbers remaining solid.

There was a general easing in both feeder and restocker demand throughout the classes of vealer steers and heifers with all grades recording lower prices. Trade weight yearling steers and heifers enjoyed a similar local processor demand as did heavy weight export grades. The cow market realised a firm and similar processor demand with restockers again active on plain condition and store grades of cows with heavy weight bulls recording slight improvements in their overall average.
