

Over the hooks report - cattle

Market information provided by MLA's National Livestock Reporting Service

New South Wales

report date 31 May 2013

Rates were back 5¢/kg for grown steers and cows with ample supply available cross all categories. Quality cattle are still attainable although the lead up to winter may see quality start to slip and supplies start to tighten.

Please note a trend isn't offered for grown steers as one contributor is again offering rates.
