

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Toowoomba Landmark

report date 03 Jun 2013

Yarding Change 393
-204

comparison date 27/05/2013

The supply of stock fell by 34 percent, however, a few more heavy grown steers and bullocks were penned and most of the young cattle either sold to feeder operators or restockers. The usual field of buyers was present and most were active. Young lightweight cattle sold to fair demand however buyers were selected, while small selection of medium and heavy weights to feed improved in price. Export slaughter lines experienced a firm to dearer trend with plain condition cows achieving the largest lift in values.

Vealer heifers mostly sold in the mid to high 140c/kg range with some to 152.2c/kg. Medium weight yearling steers to feed averaged 171c with sales to 179.2c/kg. Medium weight yearling heifers to feed and restockers averaged 145c, and D muscle lines 126c/kg.

Heavy grown steers average 150c while a fairly large sample of bullocks made to 159.2c to average 157c/kg. Poor condition cows averaged from 77c to 82c, while heavy 3 scores averaged 109c/kg.

Category Weight	Sale Prefix	Muscle Score	Fat Score	Head	Live Weight c/kg				Estimated Carcase Weight c/kg			Estimated \$/Head
