Yarding Change 601 -599

comparison date 13/06/2013

Numbers halved with a solid fall in the supplies of young store grades. Once again prime trade and heavy weight steer and heifer numbers remained tight, while cow supplies remained moderate.

Trade demand was similar to the previous week in slaughter classes, with the limited numbers making accurate quoting difficult. Demand from both the restocker and feeder sectors remained solid throughout the classes, with only minimal movement seen in values.

Cow demand remained equal from the processing sector, with this also the case in heavy weight bull categories.
