

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Toowoomba Landmark

report date 01 Jul 2013

Yarding Change <sup>327</sup>  
-223

comparison date 24/06/2013

The reduced number contained only one consignment from the western supply area while the remainder were young cattle from local districts. Buyer representation was generally good. Prices for lightweight young cattle tended to struggle at times however medium and heavy weights to feed improved in price. Virtually no heavy steers and bullocks were penned and a small selection of cows lifted in price by 5c/kg.

Vealer heifers to feed generally sold around 150c/kg. Lightweight yearling steers to feed and restockers averaged in the mid to high 170c/kg range with sales to 183.2c/kg. Plain condition heavy yearling steers weights to feed averaged 167c while some well bred lines made to 184.2c/kg. The best of the lightweight yearling heifers to feed average 147c and D muscle lines 137c/kg. Medium weights to feed made to 160.2c to average 154c/kg.

Most of the cows were in the 3 and 4 score range and 3 scores average 113c and good heavy cows from western districts averaged 133c with some to 139.2c/kg. Heavy bulls made to 144.2c/kg.
