

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Roma Store

report date 09 Jul 2013

Yarding Change 0¹¹⁰⁰⁰

comparison date 02/07/2013

Large numbers of cattle were once again penned. The good quality weaner steers continued to sell well, but prices declined 5c/kg from the high of last weeks yarding of large, good quality lines of cattle. There was also a larger percentage of drought affected cattle in the yarding. Solid demand from southern processors helped maintain prices for the heavy steer and heifer classes. Less local feedlot and restocker competition resulted in prices declining 7c/kg for light weight yearling heifers.

Light weight yearling steers sold to 194c and averaged 182c, down 5c, while the plainer lines averaged 150c, up 1c/kg. Medium weight yearling steers to feed reached 172c and averaged 162c, down 20c/kg, while those going to restocker buyers hit 180c and averaged 171c, down 14c/kg. The D-muscled lines sold between 139c and 141c/kg. Heavy weight yearling steers to feed topped at 177c and averaged 168c, down 2c/kg, while those to oats averaged 157c, down 11c/kg.

Light weight yearling heifers to feed reached 141c and averaged 137c, down 7c/kg, while those to southern processors also averaged 137c/kg. Those returning to the paddock made to 149c and averaged 140c, down 15c/kg. Medium weight yearling heifers to feed sold to 142c and averaged 136c, down 20c/kg. Heavy weight yearling heifers to processors hit 138c and averaged 134c, down 13c/kg. Grown steers with four teeth sold between 152c to 156c/kg. The medium weight 3 score cows sold between 109c and 116c/kg, while medium weight 4 score cows reached 126c, up 1c/kg.
