

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Toowoomba Landmark

report date 15 Jul 2013

Yarding Change $\frac{721}{41}$

comparison date 08/07/2013

Numbers remained similar to the previous week and the yarding was dominated by consignments from western districts. Young cattle were in the largest numbers, along with a relatively small selection of grown cattle. Buyer attendance was not as good as the previous sale, and prices suffered accordingly. Young cattle continued to experience lacklustre competition, with only a few to the trade and well-bred lines to feed in demand. Export slaughter descriptions also sold to a cheaper trend.

Calves to restockers made to 173c, to average 166c/kg. Vealer heifers mostly sold in the high 140c to early 150c range, with a very isolated sale to 180c/kg. Lightweight yearling steers to feeders and restockers generally sold in the high 160c range, with some to 187c/kg. Lightweight yearling heifers generally sold around 144c, and D muscle lines to 129c/kg. Certified grain-fed medium weight yearling heifers averaged 152c, and sold to 160c/kg.

Medium weight 2 score cows averaged 101c, and sold to 103c/kg. A few heavy 3 scores averaged 108c, and a couple of good heavy cows made to 116c/kg. Heavy bulls made to 140c/kg.
