Market information provided by MLA's National Livestock Reporting Service

# Great Southern Saleyard

report date 25 Jul 2013

Yarding Change <sup>426</sup>/<sub>39</sub>

comparison date 18/07/2013

The small yarding was again dominated by both young store grades and cows with slaughter grades of trade and heavy weight steers and heifers remaining very limited in supply.

Trade weight yearling quality was very mixed with processor interest remaining similar, but very quality specific in pricing. Store yearling quality and weight were also both mixed but generally there was a strengthening in both feeders and restockers that saw most grades enjoy price rises.

Cow quality and weight remained solid with a rebound also recorded in these classes from the processing sector, while heavy weight bull sales also recorded stronger demand and higher prices.
