

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Toowoomba Landmark

report date 29 Jul 2013

Yarding Change  $\frac{243}{32}$

comparison date 22/07/2013

The number of stock penned experienced very little change and overall quality was mixed. A full panel of export processors was present and operating along with a good line-up of feeder operators and restockers. Values generally improved across most categories. A small selection of top quality vealer heifers to local butchers lifted in price by 12c while restocker and feeder classes averaged 12c to 15c/kg better. A small sample of bullocks and cows to export slaughter also sold to a dearer trend.

Calves to restockers average 171c with the occasional sale to 206.2c/kg. Vealer heifers mostly sold in the 150c/kg range while some to local butchers sold to a top of 194.2c/kg. Lightweight yearling steers returning to the paddock averaged 174c and sold to 176.2c/kg. Medium weights to feed averaged 170c and heavyweights 169c with sales to 173.2c/kg.

A few bullocks made to 161.2c to average 160c/kg. Plain condition cows averaged 83c while good heavy cows made to 134.2c to average 131c/kg. Heavy bulls made to 140c/kg.
