

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Warwick

report date 06 Aug 2013

Yarding Change ¹⁰⁶⁰
143

comparison date 30/07/2013

There was a few more cattle yarded with young cattle making up a large percentage of the yarding and there was a fair penning of grown cattle. Quality of the young cattle was mixed consisting of a good supply of well finished heavy vealers and yearlings off crop and supplementary fed, while the lighter vealers were mainly of plainer quality.

The market varied with restocker vealer steers selling generally firm with the better bred steers attracting the keenest demand topping at 198c, while trade vealers were 10c dearer, medium weights sold from 153c to 190c and heavy butcher vealers ranged from 167c to 196c/kg. Trade yearling steers sold firm to slightly cheaper from 165c to 186c and the heifer portion followed a similar trend from 145c to 192c/kg.

The mixed yarding of export cattle consisted of a small penning of grown steers and heifers and a fair yarding of cows. Overall there was little change in the market for most classes of cattle, however cows struggled to hold firm in places.
