

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Great Southern Saleyard

report date 08 Aug 2013

Yarding Change 306  
-76

comparison date 01/08/2013

The small yarding saw limited supplies of trade and heavy weight steers and heifers, with cows and young store grades the largest classes to be sold.

Trade weight grass finished yearling steers and heifers experienced an increase in local trade competition, with dearer prices paid for the limited supplies. Store quality and weight remained mixed as would be expected at this time of year. Generally, there was stronger feeder and restocker demand throughout the classes, except for lightweight store heifers which sold to lower restocker competition.

Heavy weight steers and heifers recorded a solid processor enquiry. The small cow yarding experienced an increase in trade demand that recorded dearer prices, which was also seen in the heavy weight bull categories.
