report date 09 Sep 2013

Yarding Change ⁵³⁵/₅₅

comparison date 02/09/2013

The supply of stock experienced a small increase and apart from a few good heavy steers, bullocks and cows the quality of the remainder was very mixed. A reduced number of export processor buyers were present and the usual feeder and trade operators were active in the young cattle section however a very limited number of restocker buyers were present. Young cattle generally lost 10c to 15c/kg. Heavy grown steers and bullocks lost 4c to 6c and the heavy end of the bullocks lost up to 10c/kg. Apart from the few good heavy cows receiving fair demand the remainder lost ground.

A couple of calves sold to a very isolated 232.2c/kg. A small sample of lightweight yearling steers to feed averaged 171c and medium weights mostly sold around 157c with an isolated sale to 173.2c/kg. Lightweight D muscle yearling heifers averaged 111c while most of the medium weights sold in the 130c/kg range with sales to 150c/kg. Heavy weights to the trade averaged just under 150c and made to 157.2c/kg.

Heavy grown steers made to 176.2c and bullocks made to 173.6c to average 170c/kg. Medium weight 2 score cows averaged 106c and 3 scores 118c/kg. Good heavy cows made to 134.2c to average 130c/kg. Heavy bulls made to 159.2c/kg.
