

Over the hooks report - cattle

Market information provided by MLA's National Livestock Reporting Service

New South Wales

report date 20 Sep 2013

Prices from contributors were mainly unchanged week-on-week, with some rates easing up to 4¢/kg in places due to high supply as a result of dry weather conditions across the state.

Quality remains good for most categories, with cattle lines off crop in good condition and limited numbers of supplementary fed vealers available.
