

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Great Southern Saleyard

report date 17 Oct 2013

Yarding Change $\frac{925}{2}$

comparison date 10/10/2013

The similar sized yarding included reasonable supplies of prime trade and heavy weight steers and heifers. Store yearling supplies were solid and there were larger volumes of cows yarded.

Trade weight yearling quality remained solid, but met a slightly weaker local trade and feeder inquiry that resulted in lower prices. Store demand, predominately from the feeder sector, was higher this week, with prices recording a firmer trend.

Bullock prices lifted to an increase in trade competition on a good quality, while export weight steers lost the gains of the previous week. There was once again good quality and weight recorded in the cow yarding, with trade demand remaining fully firm. Apart from the very heavy lines, heavy weight bull sales were generally dearer.
