

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Warwick

report date 05 Nov 2013

Yarding Change $\frac{1106}{70}$

comparison date 29/10/2013

The yarding, which was of a similar size to the previous week, contained a good mix of most categories. All the usual buyers were present and operating. Most of the young cattle sold to firm demand; however selected lines improved in price with export processors providing strong support on the heavy end of the yearlings. Export slaughter lines of heavy grown steers and bullocks improved 3c to 11c, and cows also lifted in price by 4c to 11c/kg.

Most of the vealer heifers sold in the early 150c range, with a small selection to local butchers reaching 220c/kg. Light weight yearling steers to feed averaged 156c and medium weights sold in the high 160c/kg range. Heavy weights to feed mostly sold from 166c to 173c and slaughter descriptions made to 190c to average 180c/kg. Medium weight yearling heifers to the trade made to the occasional 182c to average close to 160c/kg. Heavy weights also averaged 160c and made to 184c/kg.

Heavy grown steers made to 192c to average 187c/kg. Bullocks made to 191c to average 185c, and full mouth bullocks made to 184c/kg. Medium weight 2 score cows averaged 116c and 4 scores averaged 141c/kg. Good heavy cows made to 154c to average 144c/kg. Heavy bulls made to 161c/kg.
