

Sheep and lamb numbers almost doubled this week to 88,495 head, and on a positive note this had little effect on clearance rates. Cattle numbers increased by 1,600 to 7,681 head offered, including the Jeogla/Wallamumbi feature sale. With big numbers of weaners in particular estimated to be hitting the marketplace in coming weeks, it was certainly a buyer's market in today's Eastern States sales. Merino ewes showed a big range in price this week; there were some even, good quality lines available, as well as many mixed age lines being offloaded. Young unjoined ewes sold from \$37.50 to a top of \$124 for Clear Creek blood 18 months old at Young, and scanned young ewes topped at \$161 for Collinsville blood ewes out of SA in lamb to White Suffolk. Mixed age unjoined ewes sold from \$19.50 to \$70.50, and a line of two to six year old Mumblebone blood ewes in lamb to White Suffolk made \$96.50. Old unjoined ewes sold from \$35 to \$91. Of note were big numbers of store lambs coming out of NSW's northern tablelands region, with some good quality lambs carrying a bit of weight despite the dry conditions in the area. With reports of prices in physical sales easing since the highs of the past couple of weeks, though more so for heavy trade and export lambs, our prices remained steady on last week. 32kg-34kg second cross lambs sold from \$91.50 to \$96.50. First cross lambs weighing 36kg-37kg made \$85 to \$95, and similar weight second crosses sold for \$91- \$96.50. 39kg-41kg lambs sold from \$105 to \$108. Merino wether prices eased overall on last week, though many lines still making over the \$50 mark. Hoggets sold from \$18.50 to \$57.50, and lambs made from \$41 to a top of \$75.50 for ten month old Greenfields blood lambs weighing 39kg with a December skin. Light weaners took the biggest hit this week in terms of clearance, though for the better lines that were able to reach their reserve, prices were on par or better than last week. Steers under 250kg sold from 170c to 220c to average 199c, up 10c on last week, though most were black cattle. 250kg-300kg steers made 161c to 226c, averaging 186c, and heifers averaged 170c. The best price for weaners was \$680 or 195c for Angus and Angus cross steers in SA. Joined females also found the going tough today, particularly anything aside from Angus cattle. PTIC yearling heifers sold from \$670 to a top of \$810 for Rennylea blood heifers in central NSW. Young cows made from \$550 to \$755, and older cows \$340 to \$565. Santa and Santa cross cows with calves at foot sold for \$620 in southern QLD, and young Angus cross cows with calves made \$725. Other cow and calf units ranged from \$510 to \$670. AuctionsPlus this week conducted two unusual feature sales – one was a farm machinery sale in WA, running in conjunction with a physical sale; the other was an online-only Forestry Corporation Red Gum Timber auction.

Cattle		
State	Town	Details
QLD	Proston	44 Ang C&C, 3-4 yrs, 459kg, PTIC Ang, 20 Ang CAF, \$510
