

Over the hooks report - cattle

Market information provided by MLA's National Livestock Reporting Service

New South Wales

report date

07 Feb 2014

Rates continued to retreat this week by 5¢-10¢/gk cwt predominately due to the increased numbers heading direct. Quality remains reasonable although supplementary fed lines are hard to source as the ongoing dry conditions force further turnoff.

Please note there is no trend offered as one contributor is again offering rates
