Yarding Change ¹⁴⁴²
-653

comparison date 06/02/2014

The smaller yarding was once again of a more mixed and generally plainer quality, with overall weight also lower than seen recently as we near the end of producers turning off calves. The majority of steer classes enjoyed an increase in feeder and restocker demand that saw prices generally higher than the previous week, while a drop in quality, particularly in lightweight classes, coupled with a weaker demand comparative last week created lower prices in heifer categories.
