

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Wodonga

report date 25 Nov 2014

Yarding Change 2100
-1200

comparison date 18/11/2014

Wodonga and outlying areas received substantial rain yesterday, which contributed to a considerable decline in numbers. Quality was mixed with increased numbers of plainer cross-bred cattle. The usual contingent of domestic and export buyers attended and operated in a firm market. There was a very good offering of heavy grown steers and bullocks, along with a good selection of grass finished yearlings suitable for the trade. Secondary steers and heifers were in reasonable supply and there was good restocking competition across plainer secondary lines.

Bidding for well finished vealers was steady, and the better finished vealers made from 175c to 210c/kg. Domestic processors were subdued, with lot feeder competition dominating sales. The better finished steers ranged in price from 175c to 190c/kg. Yearling heifers sold to solid competition, to average 169.1c/kg. Well-bred medium weight secondary steers to restock made from 175c to 195c, to average 186/kg.

Heavy export cattle numbers declined considerably. Bullocks equaled last week's prices, to average 174.8c/kg. Heavy grown steers were in reasonable supply and sold from 160c to 192c/kg. Heavy grown heifers were in limited numbers and the better shaped heifers sold from 155c to 186.6c/kg.
