

Market comments week ending 27 March 2015

In a traditionally big week of cattle offerings prior to Easter, 10,739 head were offered, up 3,000 on last week with 5,000 head out of Queensland alone. Sheep and lamb numbers fell 17,000 to 54,019 head, including our first dedicated Prime Lamb sale.

The benefits of utilising AuctionsPlus were highlighted neatly in the Prime Lamb sale - while only a small offering of 726 lambs out of NSW, six processors from three states viewed the sale; one vendor expecting only local competition sold his lambs to a Victorian buyer; and the vendor's ability to be a price maker was exhibited by purchasers meeting reserve prices following the auction. More joined and scanned ewes are hitting the marketplace, particularly out of the south. Young Merino ewes joined to Merinos made \$89-\$122, while those scanned to terminal sires sold from \$113 to a top of \$135 for rising two year olds out of western Victoria. Aged ewes to drop a crossbred lamb sold from \$64 to \$101.50. Crossbred ewes offered were primarily White Suffolk/Merinos with joined ewes selling for \$127.50 to \$147, and Border/Merino ewe lambs out of Tasmania sold for \$150. In QLD, White Dorper ewes out of Blackall sold for \$95 to \$102, well exceeding their reserve price.. Merino wether lamb prices ranged from \$30 to \$74 averaging \$54, with the top price being for Bundilla blood lambs out of Young just a month off shears weighing 38kg. Lambs to dress 28kg out of Cowra sold for 550c or \$156, 24kg lambs at Coonamble made 508c plus a hefty freight bill to Victoria, and in Tasmania 21kg lambs made 512c, all including skin value. Processors were also chasing mutton with prices ranging from 250c to 336c including skin.

The Queensland cattle sale today was dominated by a large annual offering of Santa cattle from one vendor across various properties in central QLD. Also available in larger numbers were weaner cattle out of southern NSW and Victoria, with a big percentage being black cattle. Yearling steers out of QLD weighing 250kg-350kg made 215c to 245c to average 234c while feeders made 214c-230c, including 451kg Brahman & Droughtmaster steers selling for \$1036. Santa heifers out of QLD made 200c to 213c to average 204c. Across other states light weaner steers under 250kg made 236c to 298c to average 258c, with the steers nudging \$3 being Te Mania blood cattle weighing 224kg. 250kg-300kg weaner steers made 219c-261c to average 247c and heifers made 200c-223c to average 212c. 300kg-350kg weaner steers sold from 227c to 252c to average 237c while black heifers in this weight range made 202c-234c averaging 215c. 371kg Angus yearling steers sold for 245c, while similar weight heifers made 202c-210c. Fewer breeders sold this week but prices remained strong. Yearling PTIC heifers made \$780 to a top of \$1100 for Angus cross heifers at Braidwood in calf to Angus. Three and four year old cows in calf made \$115 to \$1190 and older cows sold from \$890 to \$110. A single line of cows with calves at foot sold for \$1050. AuctionsPlus will close for the Good Friday and Easter Monday public holidays. The Eastern States Cattle Sales next week will take place on Thursday 2nd April, with the catalogue available at the usual time of Wednesday evening. Tuesday sales will remain as per our regular schedule. Congratulations go out this week to AuctionsPlus Financial Controller Debbie Dickson, who celebrates 20 years with AuctionsPlus - well done and thank you Debbie!
