

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

NVLX Barnawatha

report date 29 Apr 2015

Yarding Change 936
-554

comparison date 22/04/2015

Numbers declined significantly and quality was mixed, with all weights and grades represented. There was the usual group of buyers in attendance, however not all processors operated fully, which caused the market to fluctuate.

Well finished cows were in reasonable numbers and the better finished heavy cows made from 204c to 223c/kg. The 2 and 3 score cows were well supplied, with leaner grades selling to varying price trends. The D2 and D3 cows sold from 176c to 210c/kg. Friesian cows were in greater numbers and quality was plainer, with prices ranging from 153c to 188c/kg. There was a very mixed selection of plainer conditioned store cows penned and the younger types made from 170c to 192c/kg.

It was a mixed quality selection of bulls and they sold to a slightly smaller gallery of buyers. The better shaped B and C muscled bulls made from 175c to 228c/kg.
