comparison date 02/06/2015

Agents only yarded 617 head of live weight and open auction cattle following the long weekend, representing a fall in numbers of over 300 head. The usual array of trade and processor buyers were present however not all were fully active on a yarding in which most pens were lacking in condition. An extra restocking order returned and bid strongly as the market generally sold to an easier trend.

Restockers purchased the majority of the yearling steers, paying from 194c to 273c, with the trade purchasing from 227c to 300c/kg. These cattle were 3c to 5c/kg easier due to the reduced quality offered. Yearling heifers to the trade ranged from mainly 254c to 289c, with restockers seeking supply from mainly 213c to 268c/kg.

Very few grown steers came forward and ranged from 242c to 292c/kg to be firm in price. Restockers were active on lighter weights from 250c to 266c/kg. Grown heifers ranged from 214c to 288c to be 5c to 10c/kg easier. A mixed run of cows were offered, D2 types ranged from 165c to 178c/kg. The better D3 and D4 selection ranged from 180c to 225c as all cows were 8c to 10c/kg easier than last week. An increased number of bulls mainly ranged from 184c to 216c/kg.
