

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Pakenham

report date 20 Jul 2015

Yarding Change $\frac{1327}{394}$

comparison date 13/07/2015

There were approximately 680 export and 650 young cattle penned representing an increase of 400 head week-on-week. There was a full field of buyers present and operating in a generally firm market. Quality was typical of a mid-Winter yarding with most cattle showing the effects of the cold. The limited selection of vealers suited to butcher orders sold firm with the odd dearer sale for better quality. Yearling steers and heifers to the trade sold to firm demand, the heifer portion easing a few cents due to quality. Grown steers and bullocks sold from firm to a few cents easier for the well covered lines, with a greater proportion lacking finish and leaner drafts selling to a dearer average.

The vealers sold mostly from 280c to 344c/kg. Yearling trade steers made between 286c and 338c/kg. Yearling heifers to the trade sold between 268c and 335c/kg. Feeder steers made from 252c to 310c, with the heifer portion from 260c to 290c and most selling firm to 5c/kg easier.

Grown steers sold from 285c to 326c/kg. Bullocks made between 285c and 322c/kg. Heavy weight Friesian manufacturing steers sold between 236c and 254c, with the crossbred portion between 240c and 302c/kg.
