

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Pakenham

report date 27 Jul 2015

Yarding Change 780
-547

comparison date 20/07/2015

There were approximately 350 export and 430 young cattle penned, representing a decrease of 550 head week-on-week. There was a full field of buyers present and competing in a dearer market. Quality was mixed with store cattle well supplied while there was a better selection of grain assisted trade cattle on offer. Lot feeders and restockers played a significant role in today's lift in demand. There were very few vealers penned. Yearling trade steers lifted 15c/kg. Yearling heifers to the trade kicked 10c to 20c/kg. Young feeder cattle gained 10c to 15c/kg. The 200 grown steers and bullocks improved 10c to 15c/kg.

The handful of vealers sold mostly from 300c to 330c/kg. Yearling trade steers made between 306c and 349c/kg. Yearling heifers to the trade sold between 282c and 345c/kg. Feeder steers made from 280c to 306c, with the heifer portion from 270c to 303c/kg.

Grown steers and bullocks sold from 290c to 339c/kg. A handful of Friesian manufacturing steers reached 267c while the crossbreds topped at 306c/kg. A better selection of heavy weight grown heifers made between 265c and 306c/kg.
