Yarding Change 1044

comparison date 21/07/2015

Agents penned a mainly good to very good quality offering of cattle for the usual following of buyers. Much of the young cattle yarding comprised of trade weight grain assisted yearlings in prime 3 score condition. Only a moderate supply of grown heifers came forward and grown steers were scarce. The cow penning was made up of principally medium and heavy weights from 2 to 4 scores while heavy weight bulls were mainly B2's. Prices for most categories of cattle were dearer than the previous sale.

The C2 and C3 yearlings sold between 280c and 336c to processors and restockers alike, with the best sales up to 345c/kg to processors. The few C3 grown steers were from 310c to 320c, while the C3 and C4 grown heifers made between 270c and 281c, with a single C5 at 300c/kg.

The cow market saw D1 cows sell at closer to D2 rates with prices from 210c to 236c while the D2's were from 228c to 245c/kg. The 3 and 4 score cows made 220c to 273c/kg. The B2 heavy weight bulls sold between 220c and 245c/kg.

Category Weight	Sale Prefix	Muscle Score	Fat Score	Head	Live Weight c/kg				Estimated Carcase Weight c/kg			Estimated \$/Head
