Yarding Change ¹⁵⁵⁶
143

comparison date 01/09/2015

Agents yarded 1,556 head of liveweight and open auction cattle in an increased offering. Yearling numbers fell on last week, while there were larger numbers of grown cattle and cows. These cattle sold to the continued larger field of trade and processor buyers, while there was a large number of feeders and restockers who were all active and seeking supply. Prices fluctuated across the market.

Only a small number of vealers came forward with steers selling to 325c and heifers to 342c/kg. Yearling steers to the trade ranged from 325c to 347c with feeders and restockers very active and purchasing from mainly 290c to 337c/kg with some good quality grassfed cattle on offer. Yearling heifers to the trade ranged from 278c to 328c with feeders and restockers again very active and purchasing from 292c to 321c/kg.

Grown cattle numbers rose appreciably with steers ranging from 295c to 328c, to lift in price by 4c to 6c/kg. Grown heifers ranged from 268c to 325c as they fell in price by 10c to 12c/kg. Manufacturing steers sold to 276c/kg. Cow numbers rose with a large number of D2 types ranging from 210c to 254c/kg with restockers active. The better conditioned D3 and D4 selection ranged from 245c to 280c with a fall in price of up to 8c/kg. A large number of bulls ranged from mainly 255c to 286c/kg.
