report date 12 Jan 2016

Yarding Change $\frac{1250}{333}$

comparison date 05/01/2016

Agents yarded 1,250 head of liveweight and open auction cattle in an increased offering. The quality of the yarding was on a par with last week and these cattle sold to a larger field of trade and processor buyers with restockers and feeders providing strong support on suitable cattle to grow on. The majority of the offering was firm to slightly better in price with a small run of vealers receiving good competition and a rise on last week's rates.

Vealers to the trade sold to 320c for steers with heifers to 302c to lift up to 15c/kg. Restockers were also active to 305c on steers and 284c/kg on heifers. Yearling steers to the trade ranged from 263c to 293c with strong feeder and restocker support from mainly 270c to 305c/kg. Yearling heifers to the trade ranged from mainly 224c to 281c with some feeder and restocker support ranging from 210c to 267c/kg.

A much smaller run of grown steers ranged from 265c to mainly 282c with a high of 292c/kg being reached in an isolated sale. Grown heifers ranged from mainly 235c to 278c as all grown cattle were 3c to 5c/kg better than last week. More cows came forward with some good quality on offer. The better conditioned D3 and D4 selection ranged from 200c to 228c to be firm in price with the lighter D2 selection ranging from 180c to 205c/kg. Bulls ranged from 190c to 225c/kg.
