

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

NVLX Wodonga

report date 03 May 2016

Yarding Change 1400
-100

comparison date 26/04/2016

Numbers were marginally lower in a very mixed quality yarding. A percentage of the trade offering was plain one and two score conditioned stock however, there was a good selection of supplementary fed yearlings. Most buyers were in attendance at some point through the sale and not all feed lot buyers were operating.

Prices for vealers were unchanged for the better finished calves selling from 300c to 330c/kg. Medium weight trade heifers sold to solid demand resulting in prices lifting 3c/kg. Medium weight trade heifer made from 280c to 305c, averaging 294c/kg. Trade steers sold to stronger bidding with well finished steers making from 287c to 321c/kg. Plainer store conditioned steers sold to local and northern completion, making from 284c to 319c/kg.

The bulk of the secondary yearling steer offering was quite mixed. Medium weight well-bred steers sold to strong local feedlot competition, with local feedlot demand continuing to influence the price. Well-bred steers made from 300c to 321c/kg. There was more bidding for heifers to feed-on and prices ranged from 278c to 295c/kg.

In the export market demand was generally stronger due to the tight supplies. Grown steers and bullocks made from 282c to 311.2c/kg. Heavy heifers lifted 15c, selling from 275c to 298c/kg.
