

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

NVLX Wodonga

report date 06 Sep 2016

Yarding Change 1200
-200

comparison date 30/08/2016

Numbers were marginally lower and quality improved across trade weight categories. The usual group of buyers were present and competing in a robust sale. There was some restocker competition however it was limited.

The limited supply of vealers sold to stronger domestic competition which caused prices to rise 10c/kg. Well finished veal, offering processors plenty of yield, sold from 380c to 405c/kg. Medium weight grass finished and supplementary fed heifers benefited from strong domestic and feedlot competition to average 364c/kg. The limited supply of well finished yearling steers suitable for the trade lifted 7c for the lighter weights making from 375c to 403c/kg. Not all feed lot buyers operated and prices were mostly unchanged. Well-bred steers made from 345c to 386c/kg. There were less feeder heifer orders in place, however demand was stronger which resulted in a price gain of up to 11c to average 365c/kg.

There was a better quality offering of grown steers and bullocks to a larger group of export and domestic processors. Stronger competition from domestic processors for heavy steers 500-600kg lifted the market 9c/kg. The better quality pens of prime C3 steers and bullocks made from 330c to 368c/kg.

Category Weight	Sale Prefix	Muscle Score	Fat Score	Head	Live Weight c/kg				Estimated Carcase Weight c/kg			Estimated \$/Head
