

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Naracoorte

report date 31 Jan 2017

Yarding Change 817
-560

comparison date 24/01/2017

Numbers fell by over 550 head as agents yarded 817 head of liveweight cattle at Naracoorte today. The usual array of trade and processor buyers were present and active as they bid strongly to secure supply, with feeders and restockers also active throughout the offering. Quality continued to be mixed as prices rose across the majority of the market.

Only a small number of vealers came forward with the steers selling to a high of 350c and heifers to 338c/kg. Yearling steers to the trade were fully firm in price as they ranged from 304c to 330c with a large percentage being sourced by restockers and feeders to grow on ranging from 312c to 369c/kg. Yearling heifers were a mixed bunch as the trade purchased ranging from mainly 295c to 360c, with heifers to turn out ranging from 292c to 346c/kg.

Grown steers and bullocks lifted 10c to 12c as they ranged from 282c to 331c, with grown heifers receiving the same lift as they ranged from 275c to 322c/kg. Another good quality penning of cows with the few light weight types ranging from 205c to 228c, with the heavier selection ranging from mainly 236c to 264c, with a high of 270c/kg for younger types. This gave the cows a rise of 6c to 8c/kg. A much larger line-up of bulls ranged from mainly 236c to 269c/kg.
