

AuctionsPlus Market Comments: Week Ending 9th May 2014

By: Anna Adams

Cattle numbers were down only slightly this week, totalling 8,354 with three Eastern States sales for the second week in a row. Big supplies in all markets continued to affect today's cattle sales. Backgrounder and feeder cattle have been most affected, which is also reflected in the EYCI dropping sharply since the beginning of the month. Sheep and lamb numbers jumped 16,000 to 54,952 head offered this week, and there was only limited movement in the market.

Merino ewe prices firmed this week, more noticeably for scanned in lamb ewes. Lambs & unjoined young ewes made \$70 to \$116, and the scanned portion of the offering sold from \$120.50 to a top of \$161.50 for Haddon Rig blood rising two year olds in lamb to White Suffolk. Unjoined proven breeders made from \$81.50 to \$98, and four and five year old Egelabra & Umbercollie blood ewes at Coonamble in lamb to Poll Dorset sold for \$125. Old scanned ewes made \$77.50 to \$126.

First cross ewes sold to a top of \$185.50 for 2011 drop Border/ Leicester/Merinos in lamb to Poll Dorset, while the balance of joined and scanned ewes made \$142-\$158.

Merino wether lambs did not reach the highs of over \$100 that we have seen the past few weeks, although prices were still solid, ranging from \$44.50 to a top of \$89.50 for 35kg North Ashrose blood lambs out of Jamestown with only half an inch on their backs. Grown restocker wether prices were steady at \$56.50 to \$81.

Numbers of store lambs increased this week after dropping off recently, and while prices have softened slightly, overall there were some standout prices. Woolly White Suffolk/Merino lambs in central NSW weighing 26kg made \$91.50, shorn 33kg Border/Merino lambs sold for \$107.50, and the top price for the week was for Border/Merino lambs out of Nyngan, selling for \$123

Heavier backgrounder & feeder cattle saw the biggest price correction this week, with some buyer resistance even around \$2/kg for black cattle of the weights that were making in excess of 220c last week. Light steers less than 250kg made 175c-242c to average 208c, up 4c on last week, and heifers averaged 171c. 250kg-300kg steers were unchanged, averaging 212c, and heifers trailed by 52c. 300kg-350kg steers took a big hit, down 29c on last week to average 197c, with prices from 170c to 215c. Feeder steers weighing over 350kg made 183c-215c to average 196c. The top prices weaners for the week were Banquet & Barwidgee blood Angus steers weighing 364kg out of Mortlake, selling for \$735, Yearling steers sold to a top price of \$730 for 399kg Angus cross steers in southern QLD.

A feature offering of Angus females out of Walcha saw young breeders make \$720-\$830, and older cows sell for \$580 to \$750. All other sales of PTIC females in NSW were Angus cattle, with first and second calf heifers selling from \$845 to \$900, and a line of quality Te Mania blood heifers out of Wellington sold for \$1020. In Tasmania, young Hereford females back in calf to Hereford made \$990 to \$1030, and the older drafts sold for \$840 to \$850.
