AuctionsPlus Market Comments: Week Ending

By: Anna Adams

Cattle numbers dropped 600 this week to 4,069 head offered, with the catalogue dominated by young cattle rather than breeders, and heavier drafts of steers. History has shown that a rainfall event more often than not causes an increase in numbers offered on AuctionsPlus, and while there were some offering cattle on the anticipation of a market upturn, the severity of conditions in the past two years have left most more inclined to hold onto their stock with a glimmer of hope for a good spring.. Sheep and lamb numbers were up 2,000 to 42,641 head, and experienced a largely steady market, with quality sheep out of South Australia being the highlight.

Plenty of feeder weight steers were available this week with strong competition from feedlotters and for finishing on grass, and very few were passed in. Steers over 350kg sold from 174c to 223c to average 202c. Similar weight heifers made 163c to 181c averaging 169c. 300kg-350kg steers made 195c to 229c to average 216c, and heifers averaged 183c. 250kg-300kg steers also saw strong backgrounder activity to average 220c, selling from 191c to a top of 268c for 265kg Lawsons blood steers in Victoria. Heifers in this weight range also sold well with prices from 167c to 194c averaging 180c, and light heifers under 250kg averaged 197c. Angus/Brangus cattle offered out of Inverell were both the top priced weaners and yearlings this week, with the 387kg weaners making \$867, and yearlings weighing 369kg selling for \$805, as well as the top price for unjoined heifers of \$719 at 339kg.

Fewer offerings of breeder cattle saw young PTIC females sell from \$775 to \$805. Cow and calf sales included mixed age Angus cows with Angus calves in central NSW selling from \$1030 to \$1190, and in central QLD aged Hereford cows with Hereford calves made \$795.
