- Over 350kg were strong in numbers and sold in a large range from 258c/kg to
- 326c to average 300c/kg, up 11c

A large offering of young first-calf heifers represented the bulk of PTIC females today. Added to these the herd dispersal from Kilburnie Cattle Companies "Aberbaldie" property in Walcha NSW, which saw a number of lines of top quality PTIC females hit the market. First calvers saw a range of \$920 to \$1900, with a line of 519kg, 16 to 18 month old Ben Nevis blood Angus and Angus cross heifers from Walcha NSW making \$1750. The mob was Preg tested in calf to a Ben Nevis Angus Bull. While young breeders ranged from \$1190 to a top of \$1950 for 3 year old Dulverton blood Angus Cows also from Walcha NSW. This mob were 590kg, and pregnancy tested in calf to Angus-Bonsmara Composite bulls.

A smaller offering of cows with calves at foot this week were topped by 2 year old Alloura blood Angus cows. These cows from Murrumbateman NSW were 400kg and had 164kg Alloura blood calves at foot, and were pregnancy tested in calf to an Angus bull. 5 to 9 year old cows with calves at foot ranged from \$1530 to \$1800, with an average of \$1686, while mixed aged cows and calves ranged from \$1200 to \$1810 with an average of \$1566.
