## **AuctionsPlus Market Comments: 17<sup>th</sup> April 2015**

A hint of rain toward the end of the week had an overwhelmingly positive influence on today's cattle market, with clearance rates jumping to over 80% at auction. 6,063 head were offered, slightly down on last week, with a good percentage of weaners comprising the sale making better rates. With a full trading week, sheep and lamb numbers recovered to 43,701 head offered.

Breeders were the standout article of this week's sheep sales, in particular a quality offering of Lines Gum Hill blood Merino ewes out of South Australia, scanned in lamb to White Suffolk. The younger drafts of these ewes made \$166 to \$183, while aged lines sold from \$117 to \$155. Elsewhere grown ewe lambs sold for \$90-\$100, four year old ewes scanned to terminals made \$110-\$117, and in QLD aged ewes scanned to Merinos made \$51 to \$65.50. Border Leicester/Merino ewe lambs sold for \$130.50 in northern NSW and young scanned ewes made from \$176 to a top of \$214 for three year olds in lamb to Poll Dorset.

Dwindling numbers of store lambs sold well with 39kg-41kg second cross lambs making \$112.50-\$113.50, and 33kg lambs selling for \$95.50. The Prime lamb sale today offered smaller lines of primarily lighter lambs and met both processor and restocker interest, with Dorper lambs estimated to dress 16.8kg selling for 540c/kg.

Better quality breeder cattle were sought after today with some outstanding prices for cows and calves. In Victoria, five and six year old Morganvale blood Hereford PTIC cows with big calves at foot sold for \$1750, and a younger draft with a little less weight in both cow and calf sold for \$1535. In Queensland young PTIC Angus/Santa females with calves sold for \$1410, and mixed age lines made \$825-\$880. In Tasmania, an annual feature offering of Lawson blood PTIC Angus cows saw four to six year olds sell from \$1030 to \$1210.

Weaner cattle met strong demand, especially the heavier end suitable for feedlot entry or further backgrounding to enter at export feeder weights. 300kg-350kg weaner steers sold from 231c to 288c to average 262c, up 17c on last week, and similar weight yearling cattle in southern QLD made 253c-259c. 300kg-350kg heifers were primarily yearlings, and made 214c-226c averaging 220c, up 18c. 250kg-300kg steers sold from 234c-295c averaging 257c, no change on last week, and heifers averaged 225c, down 6c. Light steers under 250kg sold from 242c to 285c to average 254c, and heifers made 206c to 253c averaging 227c.
