

# AACo Composite Steer Sale

AACo is offering 3,000 head of their quality composite breed steers suitable for background, feedlotting, direct feedlot entry and grass finishing at Roma Store Sale.

AACo Composite cattle have proven outstanding performance on grass or grain. AACo Composites are bred and proven to receive MSA premiums.

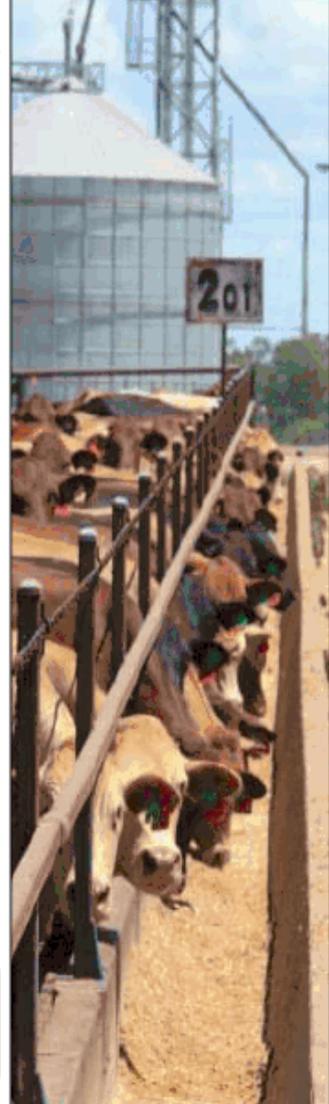

AACo Composite cattle provide many marketing options through grass or grain fed programs with outstanding performance.

Brothers of the steers being sold at Roma have just completed their feedlot program gaining 2.6Kg/head/day, converted at 4.65 and yielding at 2.5% higher than straight bred lines.
