

## Expressions of Interest – Board Director

The Australian Beef Industry Foundation (ABIF) is a not for profit organisation that seeks expressions of interest from suitable persons who wish to contribute in a voluntary capacity as a Board Director.

For over 20 years ABIF has provided valuable opportunities for people in Australia's beef industry; essentially ABIF is a "one-stop-shop" for beef industry career information and assistance. ABIF is proud to have successfully contributed to running a number of programs including scholarships towards international study, work experience placements and leadership courses. These initiatives have produced many beef industry leaders. More information can be found at [www.abif.com.au](http://www.abif.com.au)

Potential board members should exhibit qualifications and/or experience in the following fields:

- Sound financial management experience
- Fundraising
- Education
- Beef production supply chain
- Agribusiness in general

A keen interest in promoting the importance of agriculture as a career path, as well as strong, well established networks within the agricultural community and/ or local, state and federal governments and key industry advocates; as well as previous board experience will all be important.

If you have the appropriate skills, drive and experience and are interested in making a difference to young people's lives and to Australia's beef industry, please send your Expression of Interest and CV, with reference to '**ABIFBD**' to [resume@msaemployment.com.au](mailto:resume@msaemployment.com.au)

Applications close Wednesday, 31 August 2011.
