

Cattle Feedlot / Farm Manager – WA

- **Beef Cattle – Feedlot / Backgrounding / Breeding**
- **100 km North of Perth WA, on Main Highway, 1 hour to City and Beaches**
- **Young Family Owned and Operated Beef Focused Business**

Central Stockcare is a major supplier of cattle for the Grain Fed Domestic Market, the Live Export trade, and operates a cattle buying / handling business in Western Australia.

CSC is seeking to appoint a Farm / Feedlot manager to have a 'hands on' role in the day to day operations of 'Springfield' located 26 km north of Gingin WA, which is the flagship property with comfortable 4 bedroom homestead, and excellent infrastructure, including a 500 head feedlot that operates year round in conjunction with a backgrounding and breeding property at Badgingarra some 80 km to the North.

Duties include: receiving / processing / dispatch of cattle to and from the feedlot, receiving processing grain for the feedlot, daily feed out to the feedlot, monitoring animal health, mustering and classing of background stock, drafting cattle to market specifications, NLIS reading and weighing using modern equipment, pasture renovation, fencing, welding, water and general property maintenance.

The successful applicant must have a 'can do' attitude with a vision to be involved hands on in extensive planned development of the properties, which includes a future irrigation program to utilise a significant water licence already held.

Being part of a young family owned and operated company, with a 'total beef business focus', the applicant will have direct communication with the owner, and autonomy in the role.

A suitable and attractive package will be offered to the right candidate.

To apply in confidence, please send your resume outlining your skills and qualifications to:
Dean Ryan, Director, Lot 43, Stock Road, Bullsbrook, WA, 6084. Or email: dean_csc@bigpond.com
