

Livestock Overseer - Beef Stud

AG Workforce is seeking a responsible person, or preferably a couple, to oversee a very well maintained, beautifully fenced and highly regarded cattle stud near Westmar, QLD.

The job entails managing a heard of approximately 1000 cows which are single sire joined. All fences on the property are very good and all water is reticulated to troughs throughout.

You need to have cattle experience, be able to manage watering and water medication and be up to about 150 heifer calves at birth.

This is a very good position that is an easy enough job but it requires dedication and enthusiasm. You need to be fit, healthy and energetic. You must be a self-starter and be able to work a full day when required.

A salary package will be negotiated dependant on experience including an excellent 4 bedroom house with a garden located on the property. The nearest school to the property only caters for primary aged children.

Please apply on our website www.agworkforce.com.au as a Jobseeker and then contact Dugald Storie on (07) 4637 6903 or dugald@agworkforce.com.au for further details about the position.
