

Operations Manager

Condamine Feedlot, QLD

Teys Australia Condamine is a 30,000 head modern feedlot facility located at **Condamine** on the Western Darling Downs. It is one of the most advanced feedlots in Australia, offering excellent facilities for livestock handling and feeding.

Currently an opportunity exists for an **enthusiastic** person to join our progressive team as the Operations Manager.

The role primarily oversees and collaborates with **the livestock, feeding, milling departments, contractors and maintenance teams**. The position suits a person who takes ownership and accountability in decision making, and to assist the General Manager in operating a profitable feedlot.

Applicants should possess the following attributes:

- Ability to demonstrate contemporary animal husbandry techniques
- Knowledge of machinery maintenance
- Ability to demonstrate in development, and management of high performing teams
- Animal awareness and continual improvement on animal welfare
- Have advanced computer skills
- Ability to communicate and influence all levels of management and workforce
- Ability to work in a Quality Assured focused workplace
- An understanding of grain handling equipment
- Ability to follow and enforce all OHS and environmental requirements
- Tertiary qualification in agricultural science or related field would be highly regarded

The successful applicant would ideally have prior experience in feedlot management. A salary package is offered based on the skill and qualification level of the successful applicant.

Applications (including cover letter and resume) should be forwarded to:
