

## **Production Supervisor**

- Sound knowledge in grain fed beef boning room production
- Aus-Meat and / or MSA grading accreditations desirable
- Good communication and computing skills essential

Rangers Valley owns and operates a modern 32,000 head feedlot in the Northern Tablelands regions of New South Wales and is one of the world's most respected producers of premium grade fed Black Angus and Wagyu beef products. Over the last 25 years Rangers Valley has been the recipient of numerous industry awards for operational and product excellence.

A vacancy exists in our Meat Division team for a Production Supervisor. The key responsibility will be to oversee the processing of Rangers Valley Beef to ensure that customer and company requirements are fulfilled. The successful applicant will report to the Production Manager.

The position will be based in Warwick, South East Queensland.

The successful applicant must be self-driven and have a sound knowledge in grain fed boning room production. It would be desirable to have current Aus-Meat chiller assessment and / or MSA grading accreditations. Good communication and computer skills are essential.

Applications in writing should include all relevant experience, referees and be addressed to;

Manager – Meat Division  
Rangers Valley Cattle Station Pty Ltd  
PO Box 923, Warwick QLD 4370

Or email: [paveyg@rvalley.com.au](mailto:paveyg@rvalley.com.au)

For further inquiries please contact Steven Porter or Gary Pavey on 07 4661 8999

**Applications Close Monday 9<sup>th</sup> December 2013.**
