

Stud Manager – Newcastle Waters

We are delighted to invite applications for the position of Stud Manager for Newcastle Waters Station.

Located in the Barkly region of the Northern Territory, Newcastle Waters covers 10,353 sq km and runs up to 60,000 head cattle including 20,000 commercial Brahman breeders.

Newcastle Waters is also home to the Newcastle Waters Brahman stud, which comprises 4,000 stud females including 30 single sire herds, annually producing 1,000 herd bulls for CPC's northern properties.

Reporting to the "Manager – Newcastle Waters Group" you will have full responsibility for the NCW stud herd.

Your direct reports will include:

- Stud Registrar
- Stud stock camp (5)

The successful candidate will:

- Have previous experience in the day to day operations of a medium size stud;
- Have effective people management skills as you will be dealing with permanent and casual employees as well as contractors;
- Develop an understanding of the revenue, cost and EBITDA outcomes as they compare to projected budgets and reforecasts;
- Have the ability to plan and ensure maintenance programs are delivered;
- Be responsible for reporting timely preparation and submission of reports and livestock documentation as required.

Key competencies include:

- Strong OHS focus
- Excellent cattle husbandry skills and adherence to Animal Welfare practices
- Solid leadership skills
- Good time management and communication skills
- Open and transparent style of management
- Good people management and people development skills
- Good computing and livestock record keeping skills.

The remuneration package will be negotiated with the successful candidate.
