

Mort & Co Commodities Manager

Mort & Co operates three feedlots across South East Qld and Northern NSW. The business currently consumes between 250,000 and 300,000 tonnes of feed grains, roughages, proteins and supplements per annum.

Based in the Toowoomba head office the Commodities Manager shall be responsible for the accumulation and delivery of feed commodities to the business and the formulation and execution of related price and supply risk management strategies. Principal daily activities shall include:

- Maintaining market awareness and intelligence
- Develop and execute commodities procurement and price risk management activities
- Building and maintaining key supplier relationships
- Commodity and finished ration position modelling, control and reporting
- Contract administration and execution
- Logistics organization and control for ex store business

This position is a whole of chain position involving all activities associated from sourcing through to delivery and the related price and supply risk management activities.

The successful applicant will have:

- Previous relevant experience with both accumulation and logistics
- Knowledge of relevant compliance and regulatory frameworks
- Advanced computer spread sheet and modelling skills
- Excellent communication and interpersonal skills
- Proven organisational skills with a high attention to detail
- The ability to build trust and strong working relationships with internal stakeholders and external grower and trade suppliers
- Excellent written & documentation skills

We look forward to hearing from suitably qualified persons.
