

STUD MANAGER

Stanbroke is Australia's foremost vertically integrated beef company with a vision of being the world's best beef supplier. The Stanbroke Group is a unique agricultural business with extensive cattle properties in Northern Queensland, cattle feedlot, marketing and state of the art beef processing facility.

We are seeking an energetic Stud Manager at Fort Constantine which is an exceptional 26,000 head stud & wagyu breeding and back-grounding property.

The successful applicant, who reports to the Station Manager, will have extensive knowledge and experience in the management of a large bull breeding or stud cattle herd. They will require excellent recording skills, along with experience in the use of Breedplan and AI procedures.

Key Accountabilities include:

- Undertake stud recording duties in line with company requirements.
- Accurately record livestock movements and data entry within a stud operation.
- Good communication and computer skills.
- Undertake animal health and husbandry duties.
- Undertake mustering and moving of stock.

To be successful in this role, you must be capable of supervising and working alongside staff, while also assisting the Station Manager in day-to-day operations, including extensive stock work and infrastructure maintenance.

To be eligible for this position you must have a current National Police Check or be willing to obtain one prior to any offer of employment.

A suitable and attractive remuneration package will be offered to the right candidate.

To apply, please send your resume outlining your skills and qualifications to Ross Sticklen
