

LADYSMITH FEEDLOT- MILLING AND FEEDING HANDS

Ladysmith Feedlot is a 6,500 head capacity feedlot, situated near Wagga Wagga in the NSW Riverina. The feedlot also operates a backgrounding operation along with an AQIS approved quarantine facility. We currently have a permanent position available for a Milling and Feeding Hand in our Feeding Team.

Key duties of this role include:

- Processing of grain and commodities for inclusion in rations
- Loading feed trucks to a specified recipe
- Feeding rations to pens
- Pre start maintenance of feeding plant and machinery.
- Cleanliness of loading and feeding areas.
- Any other duties that may be required by the business.

Applicants must have the ability to work as a team, have a sound understanding of and commitment to WH&S and excellent planning and communication skills. Experience with machinery and general plant maintenance would be an advantage.

Applicants should provide a Letter of Application addressing the above criteria & Resume including 3 phone referees & forward to: briana.daly@ladysmith.com.au or post to PO Box 21, LADYSMITH, NSW, 2652. For further enquiries please phone (02) 6922 1555.
