

Livestock Manager Chinchilla

Stanbroke is Australia's foremost vertically integrated beef company with a vision of being the world's best beef supplier. The Stanbroke Group is a unique agricultural business with extensive cattle properties in Northern Queensland, cattle feedlot, marketing and state of the art beef processing facility.

We are seeking an energetic, self - managed Livestock Manager at our 25,000 SCU feedlot which is located 25 kilometers south west of Chinchilla.

The successful applicant, who reports to the Feedlot Manager, will have extensive knowledge and experience in the management of livestock in a feedlot environment.

The key accountabilities for this position include:

- Supervision and management of the livestock team.
- Coordination of all livestock movements, including arrivals and dispatch.
- Training and implementation of team development programs.
- Maintaining a high standard in animal handling and husbandry procedures.
- Cattle backgrounding program on the property associated with the feedlot.

To be successful in this role, you must be able to demonstrate the following;

- Ability to manage and work alongside staff
- Excellent organisational and communication skills
- A high level of experience in the management of livestock
- Capability to provide regular internal reporting.

An attractive remuneration package and married accommodation will be provided with this role.
