

General Manager - Rural Production

- Key supply chain management position
- Long established Family owned Group of Companies
- 2011 Agribusiness Excellence: National Employer of Choice Award
- Based at Brindley Park property group (Roma district)

Remaining an Australian owned family business, our Queensland based Company is well regarded as an industry leader and operates across the agribusiness and meat processing sectors. Due to an internal promotion we are seeking a GM-Rural production.

This executive position reports to the Chief Executive Officer-Agribusiness and is responsible for managing the staff, strategies, policies and operational management aspects of the ACC breeding and backgrounding property operations, principally located in the Warrego and Maranoa regions of Queensland.

The successful applicant will be personally and commercially savvy, possibly supported by relevant tertiary qualifications and have a minimum 8 years' experience at a senior level in beef production.

The GM Rural production will also be responsible for and possess the following attributes:

- Remote staff management and property management
- Maintenance and development.
- Strong computer literacy,
- Business measurement & reporting skills
- Preparedness to travel frequently,

You would be industry recognised as a hands on, team player and leader with a genuine interest and understanding of business drivers. In return, we will offer a supportive working environment, on property housing, a high degree of autonomy and a competitive market salary package with additional staff benefits on qualification.

To apply please send your resume to jtitmarsh@accbeef.net.au quoting reference 2015GM Application

Confidential enquiries can be made by calling Jim Titmarsh on 0409 264 987
Applications close Sunday 2nd August 2015.
