### **Key Responsibilities include, but are not limited to:**

- Carry out cattle handling and movement procedures
- Inducting of cattle into feedlot – including record keeping and the use of vaccines etc.
- NLIS scanning
- Treatments of cattle as required and maintain records.
- Caring for sick animals – treatment and re-hydration
- Pen riding
- Drafting and dispatching of cattle
- Ensure livestock are humanely destroyed using preferred methods where applicable.

### **Personal Competency**

- Acceptance of direction and code of behaviour within the business.
- Concern for animal welfare and excellent levels of livestock handling skills.
- Knowledge of low stress livestock handling
- Competent Horse rider
- Ability to be flexible on a ten day a fortnight working roster.
- To be punctual on a regular basis and appropriate communication in the event of being delayed
- The ability to work with other people towards a common goal.

Situated at Millmerran, Qld. Accommodation available.

Own horse preferred.
