

## **LIVESTOCK MANAGER | CATTLE SHEEP | NORTH WEST NSW**

- Large iconic agribusiness
- North west NSW location
- Attractive salary package incl. accommodation

### **THE ROLE**

Our client operates several iconic and highly successful agribusinesses throughout Australia. The company prides itself in the long term service of its staff. Near Coolah, NSW they operate a mixed farming operation of 50,000 acres. They currently have a vacancy on the property for an experienced hands on Livestock Manager to execute operational and strategic plans for the sheep and cattle breeding and fattening operation and to lead the livestock team comprising of 3 to 4 personnel.

### **RESPONSIBILITIES**

- Hands on management of the commercial sheep and cattle breeding and fattening enterprise
- Management of stud cattle enterprise
- Leadership, training and supervision of the livestock team comprising of 3 to 4 personnel
- Accurate recording of livestock numbers and movements and documentation of husbandry procedures undertaken
- Liaison with contractors and veterinarians to ensure smooth operation of all seasonal operations and to ensure compliance with company animal welfare standards
- Development of a strategic approach to feeding and animal health programs.
- Preparation of and compliance with a livestock budget and monthly reporting to management
- Ensure a safe workplace through effective WHS measures.

## **REQUIREMENTS**

- MUST HAVE previous experience in livestock management
- A hands on management approach and leadership by example whilst working alongside, training and mentoring staff in all facets of the livestock enterprise
- A minimum of 5 years' experience in livestock management gained in sheep and cattle enterprises
- Stud cattle management and/or breeding experience would be a distinct advantage
- The ability to develop and execute strategic and operational farm plans and lead a team to meet objectives and business targets
- The ability to work co-operatively with other business managers to meet overall enterprise objectives
- A good team of working dogs will be essential

You may be an experienced livestock manager looking for the next step in your career or seeking to gain more experience by joining a larger, more diverse and more professional mixed livestock enterprise.

## **REMUNERATION**

An attractive salary package will be negotiated with the successful applicant which will include use of a vehicle, accommodation (3 to 4 bedroom), electricity and meat allowance.
